RE: *Research Committee Meeting
Wednesday, August 4, 2010, 10:00 a.m. at the
Embassy Suites, Del Monte Room, San Luis Obispo, California*

Research Chairman Danny Pereira has called a meeting of the Research Committee at the above time and place. We will be reviewing and making a recommendation to the Board on the attached proposals from the various researchers. As you all know by now, Richard Smith did not submit a weed proposal and Richard Hurstak did not submit a trial evaluation proposal this year. That leaves John Trumble, Carlos Quiros & Lynn Epstein (companion proposal to the Quiros' work) and Dr. Richard Raid's proposal, which we have not yet received.

The UC Advisory Committee recommendations on each project, with the exception of Dr. Raid's anthracnose proposal, are included in this packet. Unfortunately, John Trumble will not be available by conference phone this year to give his perspective, although he will provide his written evaluation and recommendation for each project.

Enclosed is the meeting agenda along with all of the proposals submitted for the 2010-11 cycle. Please bring this packet with you to the meeting, and if the Raid proposal comes in between now and the meeting, I will send it to you as well.

Hope to see you on the fourth.
